# Explanation of the 2015 Accountability Summary Report

To meet state statutory requirements, the accountability system must assign ratings that designate acceptable and unacceptable performance for campuses and districts. Districts and campuses are assigned a rating that is based on meeting a target for each performance index.

The Texas Education Agency looks at four areas in determining a school or district's accountability rating:

**Met Standard.** Acceptable rating assigned to districts and campuses that meet the target on all indexes for which it has performance data in 2015. This rating applies to campuses serving grades prekindergarten (PK) through 12 (including campuses with assessment data due to pairing).

**Met Alternative Standard.** Acceptable rating assigned to charter operators and alternative education campuses (AECs) that are evaluated by alternative education accountability (AEA) provisions and meet modified targets on all performance indexes for which they have performance data in 2015.

**Improvement Required.** Unacceptable rating assigned to districts, campuses, charter operators, and alternative education campuses (AECs) that miss the target on one or more performance indexes.

**Not Rated.** Indicates that a district or campus is not rated for one of the following reasons:

- The district or campus serves only students enrolled in Early Education (EE);
- The district or campus has no data in the accountability subset;
- The district or campus has insufficient data to rate through Small Numbers Analysis;
- The campus is a Juvenile Justice Alternative Education Program (JJAEP);
- The campus is a Disciplinary Alternative Education Program (DAEP);
- The campus is a residential facility;
- The district operates only residential facilities; or
- The district or campus faces unusual circumstances (e.g., test documents lost in shipping).

**Not Rated: Data Integrity Issues.** Indicates that data accuracy and/or integrity have compromised performance results, making it impossible to assign a rating. The assignment of a Not Rated: Data Integrity Issues label may be permanent or temporary pending further investigation.

To receive a Met Standard or Met Alternative Standard rating, all campuses and districts must meet the following targets on all indexes for which they have performance results in 2015.

Schools meeting a Met Standard rating are eligible for 7 distinctions

- Academic Achievement in Reading/English Language Arts (READING)
- Academic Achievement in Mathematics (MATH)
- Academic Achievement in Science (SCIENCE)
- Academic Achievement in Social Studies (SOCIAL STUDIES)
- Top 25 Percent: Student Progress (PROG)
- Top 25 Percent: Closing Performance Gaps (GAP)
- Postsecondary Readiness (PREP)

*More information about the ratings and distinctions can be found on the the Texas Education Agency website*
